## Attendance of the Week

### Key Stage One

Reception—Mrs McGee &

Mrs Brannon—100%

### Key Stage Two

Year 4—Miss Read—100%

## **Y4 - Parent Workshop**

Y4 Had a parent's workshop on Thursday all about World Book Day – the children designed their own bookmarks, created their own super villain characters and wrote book reviews based on their favourite book. Thanks to all the parent's who

# CAPTAIN'S CATCH UP

## Year 4 - Viking Workshop

On Monday Y4 had an exciting visit from a real life Saxon warrior! The children enjoyed an engaging workshop where they got to see artefacts, create their own Viking chants and learn more about life in Anglo-Saxon Britain. 😊

# Nursery & Daycare

## Farm on Wheels

On Tuesday 4th March our Nursery and Daycare pupils were treated to a visit from the 'Farm on Wheels'.

The animals they got to see, pet and feed included a cow, goat, rat, sheep, rabbit and a hen plus her chicks.

The children were also able to walk the rabbit on a lead :)

Everyone enjoyed the visit!

# CAPTAIN'S CATCH UP

## Year 2 - London Trip

On Tuesday Year 2 went on a trip to London! Even though it was an early start, the children still had the best time! We went on the London Eye and the River Cruise and saw lots of the famous landmarks that we have been learning about!

Miss Jenkins and Mr Davies just want to say a huge well done to the children for their amazing behaviour!! We are sure the children (and the teachers!) slept well on Tuesday night!

Thank you to you and all the staff who made it possible, we have a very tired, but very happy little girl. Thank you again!

Thank you so much for today, George has had the most amazing day (especially the landmarks he said ☺) thank you for keeping us updated too. Looks like they all had an amazing day x

Archie has had an amazing time. Thankyou for keeping them safe and giving us peace of mind throughout the day, memories for them to cherish x

## Y5 - WMSP Trip

Year 5 enjoyed a brilliant day at WMSP, seeing the animals and experiencing the thrills of the roller coasters; being able to get a real life experience of the forces behind their explosive movement.

## ***Advice for parents/carers on visits to settings involving contact with animals such as lambing events, petting zoos etc.***

Visitor attractions involving contact with animals are understandably popular with parents and children but do carry a risk from infectious diseases.

All animals naturally carry a range of micro-organisms, some of which can be transmitted to humans, where they may cause ill health.

Some of these, such as E. coli O157 or Cryptosporidium (Crypto), present a serious health hazard and have the potential to cause serious illness which may be particularly severe in young children.

We see many cases of Crypto each year in the Health Protection Hub, particularly among children, and it's a miserable experience for them and their parents.

### **Following these practical steps will help your child stay safe and healthy:**

Children should wash their hands in the following four situations: after contacting animals, before eating, before and after using play equipment, and when leaving site. It will help to explain why they must wash their hands thoroughly in these situations and to show them what proper handwashing looks like. Bear in mind that alcohol gel is not a suitable substitute for proper hand washing with soap and running water – it doesn't work against Crypto.

Do not suck fingers or put hands, pens, pencils or crayons etc. in mouths.

Check that cuts, grazes etc. on children's hands are covered with a waterproof dressing.

Do not kiss animals.

Eat only food that you have brought with you or food for human consumption that you have bought on the premises, and eat only in designated areas.

Never eat food that has fallen to the ground.

Never taste animal foods.

Children should not eat, drink or chew anything (including sweets) outside the areas designated for eating at the visitor attraction.

Where possible, clean or clean and change footwear before leaving. The site should have facilities to clean footwear and pushchair/pram wheels as you leave the site. Wash hands after cleaning/changing footwear.

Do not use or pick up tools (e.g. spades and forks) or touch other work equipment unless permitted to do so by site staff.

Do not climb on to walls, fences, gates or animal pens etc. Some animals put their feet on the fences of their pens and contaminate them with faecal matter.

Listen carefully and follow the instructions and information given by the site staff.

Do not wander off into unsupervised or prohibited areas e.g. manure heaps.

Allow plenty of time for hand washing before eating or leaving the site so that the children do not have to rush.

If a member of your group shows signs of illness (e.g. sickness or diarrhoea) after a visit, visit the doctor and explain that they have had recent contact with animals. Please also contact the attraction you visited and inform them of the illness

### **World Down Syndrome Day - 21 March 2025**

On Friday the 21st March we will be celebrating and supporting Down Syndrome Day, as this is a subject close to the heart of several of our families.

The purpose of this day is to raise awareness, as well as to raise funds to improve support services for families.

All children can wear their own clothes on Friday, we just ask for a donation of £1 (where families can afford it) to go to this important charity.
